**CARSON VALLEY MEDICAL CENTER OPENS TEMPORARY
COVID-19 SCREENING CLINIC**

GARDNERVILLE, Nev. (3/12/20) -- Carson Valley Medical Center has opened a screening clinic for patients concerned about their risk for COVID-19 and who meet the CDC criteria for testing.

We are asking community members to call ahead to the COVID-19 Screening Clinic to get a phone pre-screening completed. Once that is done, patients will be directed to the appropriate location.

You can reach the COVID-19 Screening Clinic at (775) 782-1508; the clinic will operate Monday - Friday from 8am to 5pm.

CVMC is monitoring this continually changing situation and will update our community as needed. We thank you for your help in keeping our community healthy.
